THE D.A. GLOBAL COMMUNITY NEEDS YOU!

CALLING ON ENGLISH-SPEAKING FELLOWS WHO ARE SOLVENT AND MULTI-LINGUAL

We want to support the growth of emerging fellowships. As we know, working the steps and understanding the traditions are the basics of recovery. However, without fellows who have a certain amount of recovery and without access to resources like literature in your native language this can be very difficult. Therefore, we need experienced and bi- or multi-lingual fellows to support with translations, offering PRMs, sponsorship, outreach and other services.

Should you be interested, please click on the link and submit your form. We will respond with information on the next steps.
